

Attention Athletes

Don't pay a penalty for **NOT WEARING** a MOUTHGUARD

A CUSTOM MOUTHGUARD is the **best** mouthguard in terms of fit, comfort, and protection. Consult your dentist.

Athletes are **60 TIMES** more likely to suffer damage **to the mouth** when **not** wearing a **mouthguard**.

The cost to repair a **knocked-out tooth** and follow-up dental treatment can cost **THOUSANDS OF DOLLARS**—many times greater than the price of a **MOUTHGUARD**.

DO NOT wear a **retainer** or other removable appliance while participating in any contact sports.

More than 5 MILLION TEETH are **knocked out** each year through sports injury, accident, or play.

Even athletes who use **HELMETS** or **FACE MASKS** should wear **MOUTHGUARDS**.
